

FADE THE CHALK

THE COMMISSION'S CARD

Saturday, June 13, 2026

5 Tracks · 1 Win Bet · 5 Exotic Plays · \$664 Committed

"The model doesn't force plays. It finds them or it doesn't. Today it found 6 out of 32. That's discipline."

How We Got Here

This morning we loaded structured past-performance data from Brisnet across five major tracks — Churchill Downs, Belmont at the Big A, Gulfstream Park, Laurel Park, and Santa Anita. Morning-line odds came from The Racing API, supplemented with TVG race cards where the API fell short. Every horse's career speed figures, running styles, trainer stats, jockey assignments, layoff patterns, trip comments, and workout lines were parsed into the database.

The Scope	Detail
Races carded	65 across 5 tracks
Horses loaded	492 with full past performances
Passed Phase 1	32 (non-maiden, 6+ field, no bullrings)
Strategies applied	All 29 active, every horse in every qualifying race
Flagged for vulnerable faves	10 races

The Scope	Detail
After ML correction	1 conviction win bet + 5 strong exotic boxes
Passed on	26 races — no edge, no action

The model found 6 plays out of 32 analyzed. The other 26 got no money. That's the discipline — it bets the right ones, not every one.

The Commission's Win Bet

Santa Anita • Race 8 — Daytona Stakes (G3)

6½ Furlongs • Turf • 13 horses • Post ~7:35 PM PT

THE WIN BET: Zio Jo (PP10) • 6/1 • P (stalker) • Best Beyer 99 • DOUBLE \$100

Strategies Firing

S1 — Elite Jockey on Bomb: Joel Rosario chose this 6/1 shot over shorter-priced options in a graded stakes. Top riders don't waste mounts — he sees something.

S4 — Hot Barn at a Price: Trainer O'Neill is winning 18% at the meet. The public hasn't adjusted the price for how hot this barn is running.

Beat the Vulnerable Favorite: The chalk (Friendly Confines, E-type speed) faces 2 other speed horses + 6 pressers in a 13-horse field. Nuclear pace — she gets cooked on the first turn.

Pace Makes the Race: 2E + 6E/P = a guaranteed pace meltdown. Stalkers and closers inherit.

Profile: P (stalker) • Best Beyer 99 • Joel Rosario / O'Neill Doug F (18% at meet).

The story: Rosario sits outside in the clear while eight horses fight for position into the first turn. They cook each other through a half mile of chaos, and when they straighten for home they'll be spent. Zio Jo closes through tired horses on his 99-Beyer ceiling. The 13-horse field means the exotics pay like a heist if the chalk goes down.

PLACE THE BETS

Bet	Selection	Cost
Win	#10 Zio Jo	\$100.00
Exacta Box	6-10-12-3 · \$5/combo (12)	\$60.00
Trifecta Box	6-10-12-3 · \$1/combo (24)	\$24.00
Superfecta Box	6-10-12-3 · \$0.10/combo (24)	\$2.40
Total		\$186.40

Ceiling Box logic: top 4 by career Beyer — Modus Bestia (101), Zio Jo (99), Sumter (99), Nesso's Lastharrah (99). The 7/2 favorite (listed as First Peace) carries a 97 ceiling and doesn't crack the top 4.

Exotic-Only Plays

These races have protected favorites — the model says don't bet against them to win. But the Beyer Ceiling Box is mechanical: it doesn't need the favorite to lose, it just needs the fastest horses to hit the board in some combination. So we play the exotics.

Belmont · Race 10 — OCIm \$45K (Play E1)

6 Furlongs · Turf · 16 horses

EXOTIC PLAY E1 · Ceiling Box + Inside Expander · \$132.00

Strategies Firing

Beyer Ceiling Box: Four horses with 99–103 ceilings at value prices (5/1 to 8/1). The fastest horses in the field are NOT the favorite.

Inside E/P Turf Expander: Counter Move (PP1, E/P, 96) qualifies — an inside presser on turf saves ground and sneaks onto the board. Added as the 5th horse in the tri/super.

S4 — Hot Barn at a Price: Swaging (PP13, 8/1) runs for a barn winning 29% at the meet.

Favorite: City of Oscars (PP12, 7/2, S-style) — PROTECTED. The closer benefits from the pace.

Why play the exotics: A 16-horse field means massive exotic payouts. The pace is hot (3E + 4E/P), and the top ceilings are all at value prices.

Ceiling Box: Boltage (103, PP8, 8/1), Math Tutor (101, PP15, 9/2), Gypsy Dreaming (100, PP16, 6/1), Master Freud (99, PP10, 5/1). Expander: Counter Move (PP1, 9/2) — tri/super only.

Churchill Downs · Race 8 — Clm \$62.5K (Play E2)

7½ Furlongs · Dirt · 9 horses

EXOTIC PLAY E2 · Ceiling Box · \$86.40

Strategies Firing

S1 — Elite Jockey on Bomb: Gabriel Saez (a top Churchill rider) chose Honky Tonk Highway at 4/1 over shorter-priced options on the card.

S4 — Hot Barn at a Price: Trainer winning 17% at the meet, and the horse is still 4/1.

Beyer Ceiling Box: Four horses at 94–95 ceilings clustered together — any combination could hit.

Favorite: Systemic Change (PP9, 8/5, S-style) — PROTECTED. A closer in a route.

Why play the exotics: The top ceilings are packed tight (95, 95, 94, 94) with multiple signal-firing horses at value prices. When the ceiling is this tight, exotic combinations pay well because there's no single dominant horse.

Ceiling Box: Ripped (95, PP4, 4/1), Tom Cat Tuesday (95, PP7, 6/1), Honky Tonk Highway (94, PP2, 4/1), Big City (94, PP3, 12/1).

Santa Anita · Race 11 — Summer Oaks (G3) (Play E3)

1 1/16 Miles · Dirt · 7 horses

EXOTIC PLAY E3 · Ceiling Box · \$86.40

Strategies Firing

Troubled Trip: Mo' Em Down was "blocked past 1/8" last out with a 99 ceiling. The public sees the bad finish; we see the excuse and the price (6/1).

S1 — Elite Jockey on Bomb: Rosario on Mo' Em Down at 6/1 in a graded stakes.

S9 — Earnings Leader (graded bump): +2 in graded company, where class separation matters most.

Beyer Ceiling Box: Mo' Em Down and Daring Pursuit both at 99 — well above the fave's 91.

Favorite: Mizumi (PP1, 4/5, E/P) — Baffert / Hernandez. PROTECTED (lone speed, can control tempo). Heavy chalk.

Why play the exotics: The 4/5 fave has a 91 ceiling; two box horses have 99. If Mizumi hits any trouble — a stumble, pace pressure, a wide trip — the ceiling horses are there to catch her. At 4/5 she's overbet, and the exotics pay when she runs 2nd or 3rd.

Ceiling Box: Mo' Em Down (99, PP4, 6/1), Daring Pursuit (99, PP3, 20/1), Bank Shot (93, PP6, 8/1), Mizumi (91, PP1, 4/5).

Santa Anita · Race 9 — OCIm \$50K (Play E4)

6 Furlongs · Dirt · 8 horses

EXOTIC PLAY E4 · Ceiling Box · \$86.40

Strategies Firing

S1 — Elite Jockey on Bomb: Rosario on Lady Gambita at 6/1 — the third time today he's chosen a value horse. A pattern.

Beyer Ceiling Box: Lady Gambita (101) is the fastest horse in the field by 6 points.

Recent Life: Surfin The Coast ran a 95 just 5 days ago. Sharp, ready — fitness is not a question.

Favorite: Crazy Cami (PP4, even money, P-style) — PROTECTED. The stalker benefits from a 2E pace duel.

Why play the exotics: The fave has an 87 ceiling; our top box horse (Lady Gambita) has 101 — a 14-point gap in our favor. Even if the fave wins, the exotics underneath likely include our ceiling horses. At even money she's massively overbet relative to the talent above her.

Ceiling Box: Lady Gambita (101, PP5, 6/1), Surfin The Coast (95, PP6, 7/2), Sexy Blue (94, PP3, 15/1), Tulavia's World (94, PP8, 8/1).

Gulfstream Park · Race 4 — Clm \$10K (Play E5)

8½ Furlongs · Dirt · 7 horses

EXOTIC PLAY E5 · Ceiling Box · \$86.40

Strategies Firing

Beat the Vulnerable Favorite (soft): World Traveler (E/P, 8/5) faces 2 pure E speed horses — pace pressure on the fave.

Beyer Ceiling Box: Gimme Some Luck (99) and Tator Made (97) are faster than the fave (87) by double digits.

S4 — Hot Barn at a Price: Multiple trainers at elevated win% with horses at bomb odds (20/1).

Favorite: World Traveler (PP7, 8/5, E/P) — VULNERABLE (soft). An E/P fave in a field with 2 pure E horses.

Why play the exotics: The fave's ceiling (87) is 12 points below the best in the field (Gimme Some Luck, 99). Even at 8/5 she isn't the most talented horse here — just the most recently successful. The ceiling box captures the real talent at bomb prices.

Ceiling Box: Gimme Some Luck (99, PP3, 3/1), Tator Made (97, PP2, 20/1), Windrush (91, PP5, 20/1), Mia's Angel (89, PP1, 10/1).

What the Commission Passed On (and why)

BEL R3: Our best horse (Sagamore Mischief) IS the 7/2 fave — can't bet to win. Ceiling box is thin.

BEL R6, R7: Fave is protected (S or P style at short prices).

GP R8: Fave (Holy Stick, 8/5) is a closer = protected. Strong ceiling (Kinetic Stone 101) but no vulnerable thesis.

GP R9: Fave (Dimanche Gras, 5/2) is a closer = protected. A 13-horse field is tempting, but no edge on the win side.

LRL all races: Protected faves + lower-class fields. The payout geometry doesn't justify the outlay.

CD R1, R4, R5, R7, R9, R10: Short fields, protected faves, or very heavy chalk (Burnham Square 2/5 in R10).

SA R9 win bet: Crazy Cami at even money is protected (stalker in a pace duel). Exotics only.

Discipline Notes

Thursday we bet seven races. Some were forced. We lost \$566.70. Today we found one conviction win bet and five strong exotic boxes — total outlay \$664, but every dollar has analysis behind it. No feel bets, no bullrings, no half-measures.

65 races carded, 32 analyzed, 6 played. That's discipline. Still +\$796.45 lifetime, still +20.9% ROI across 29 settled races. The model doesn't need to bet every race — it needs to bet the right ones.
